Make Your Slide Show Sizzle!

Zoom in on the detail—fade images in and out—make your images brighter!

Kodak puts the power to impress at your fingertips with the widest selection of presentation products and accessories.

KODAK Mini Slide Viewer

CAT 820 1899

A handy tool for presenters and photographers.

The KODAK Mini Slide Viewer is a small, hand-held high-quality, very bright light source for viewing 35 mm slides (cardboard or thin plastic mounts only) and film strips. It is useful in many applications including medical, business, advertising, photography, and art.

KODAK Extra Bright Lamp Module

CAT 121 7629 (Dark Beige)
CAT 139 3982 (Black)
(for use with KODAK EKTAGRAPHIC III Slide Projectors)

Keep an extra Lamp Module on hand for quick lamp change!

Provides 30 % brighter output, making your images look brighter, richer, and more saturated. The lamp module features a "LAMP ON" indicator on the lamp module.

KODAK Slide Trays

Get organize. Get ready to go and show!
Spill-proof slide trays are an integral part of the superior Kodak slide projection system. All are made with corrosive-resistant materials and a high-quality latching mechanism t ensure many years of uninterrupted service. A special feature allows preconditioning that eliminates popping and focus drift during projectio

**KODAK CAROUSEL
140 Slide Tray
CAT 899 5193**
Black slide tray; accepts up to 140 slides; for use with cardboard slide mounts 1/16-inch (1.6 mm) maximum thickness.

**KODAK CAROUSEL TRANSVUE
80 Slide Tray*
CAT 104 6093**
Translucent gray slide tray for viewing slide numbers in a darkened room.

**KODAK EKTAGRAPHIC Universal
Slide Tray*
CAT 144 3266**
Black slide tray.

**KODAK EKTAPRO 80 Slide Tray*
CAT 121 8080**
Black slide tray with a clear cover.

*Accepts up to 80 slides; for use with glass, plastic, or cardboard mounts of 1/8-inch (3.2 mm) maximum thickness.

**KODAK EC Stack Loader
CAT 151 4249**
Quick show. Easy edit.
Lets you project and edit up to forty 2 x 2-inch slides in cardboard or very thin plastic mounts (or up to thirty 110 slides in 2 x 2-inch adapters) without loading them into tray.

KODAK Slide Projection Lenses (8)

Zoom or fixed, flat or curved field— a great selection to meet your projection needs!

Kodak recommends the use of a flat-field lens for use with glass or plastic mounts or when mixing mounts. A curved-field lens is optimized for use with embossed cardboard open-face mounts produced by an automated photofinisher such as Kodak Premium Processing and Kodak Processing Labs.

Flat-Field Lens
KODAK Slide Projection FF lens:

85 mm	CAT 712 5503
100 mm	CAT 163 4500
180 mm	CAT 712 5529
75 to 120 mm	CAT 847 0346
100 to 150 mm	CAT 143 3432
100 to 200 mm	CAT 712 5743

Curved Field Lens
KODAK Slide Projection CF lens:

102 mm	CAT 178 2382
102 to 152 mm	CAT 141 4457

KODAK Remote Controls

**KODAK SP Laser Remote
CAT 817 3338**
This IR remote control is for use with any KODAK Slide Projector equipped with either a KODAK EKTAGRAPHIC IR Remote Control receiver or a KODAK EKTALITE IR Remote Control receiver. The battery-operated laser remote produces a superior beam brightness and controls slide projector operations up to 100 feet.

KODAK SP Laser Remote with Receiver
CAT 830 0279
For use with KODAK EKTAGRAPHIC and CAROUSEL Projectors; a KODAK EKTAGRAPHIC IR Remote Control receiver is packaged with the SP Laser Remote. The receiver plugs into a standard slide projector 5-pin remote accessory connector.

KODAK EKTAGRAPHIC IR Remote Control
CAT 109 8383
Wireless IR Remote Control for forward, reverse, and remote-focus operations. It is compatible with any 5-pin connected Kodak EKTAGRAPHIC Remote Control receiver.

KODAK Cabled Remote Controls

KODAK EC-1 Remote Control
CAT 131 7015
Forward and reverse slide operations only. Compatible with all KODAK CAROUSEL (except S-AV) and EKTAGRAPHIC Slide Projectors.

KODAK EC-2 Remote control
CAT 131 7031
Forward, reverse, and remote-focus operations. For use with KODAK CAROUSEL 4400 and EKTAGRAPHIC III E Plus and BR Slide Projectors.

KODAK EC-3 Remote Control
CAT 131 7056
Forward, reverse, and remote focus in conjunction with autofocus operations. For use with KODAK CAROUSEL 5600 and EKTAGRAPHIC III AMT, ATS, and ABR Slide Projectors.

KODAK Dissolve Controls

KODAK SP Programmable Dissolve Control
CAT 816 7199
The KODAK SP Dissolve Control is a programmable two-projector dissolve unit that synchronizes slides to audio tape. This dissolve features seven dissolve rates, independent lamp control (for superimposing images), automatic timer, alternate flashing, freeze images, and automatic tray reset. An EC Remote Control may be added for forward and reverse operation.

The synch signal of the SP Programmable Dissolve Control is recorded using an AV recorder on a separate channel from the audio.

KODAK SP Dissolve Control
CAT 102 9677
The SP Dissolve Control is an easy-to-use two-projector dissolve control and one-projector fader that offers three forward rates at approximately 1, 3, and 6 seconds and one reverse rate of 1 second.

Extension cord, 25 foot (for KODAK CAROUSEL Projectors)
CAT 140 1363
Extends the range of the 12-foot remote control cord so that you can operate the projector from a location near the screen. Up to four extension cords can be added to accommodate most projection distances.

KODAK Carry Cases
Convenient to use, helps protect your projector, and keeps it clean!
KODAK Carry Case, Model E
CAT 144 1088
This lined compartment case of simulated leather accommodates your projector, a slide tray in its carton, and KODAK Accessories such as a stack loader, zoom lens, spare lamp, or extension cords. Hardware is brass finished.

KODAK EC Slide Projector Case
CAT 886 0652
Made of a molded high-impact plastic with double-wall construction to protect your KODAK CAROUSEL or EKTAGRAPHIC Slide Projector and Slide Tray in transport. An extra compartment holds accessories such as cords and a spare lamp. It has two lock-tight catches, and you can add a padlock for security.

KODAK EKTAGRAPHIC Carry Case
CAT 162 5136
This is a padded canvas carrying case that will conveniently hold any slide projector, lens, slide tray, simple dissolve control, and simple projector stand. It has a carry strap and two handles.

KODAK EC Projector Dust Cover
CAT 147 7595
This protective dust cover of rich, black, textured polystyrene protects the projector from dust and dirt when not in use. It snaps firmly into place and is easily removed by means of a sliding latch. It is designed for use with KODAK CAROUSEL and EKTAGRAPHIC Projectors.
